**I**F you are a business man, if you are a professional man, if you are employed at a daily wage, make up your mind to deposit weekly a certain sum of money in the bank. You'll be surprised how the sum will grow. Cash in bank gingers up the man who has it there. He has more confidence in himself. The business man is ready for a dull season. He is ready for an opportunity.

So is the professional man. The man who is working for a daily wage and who hasn't any money in bank frequently is fearful of a loss of his situation. He does not work as well or with the confidence in himself as does the man with something laid aside for a rainy day.

**Better Roads for St. Clair County**  
The County Road Commissioners are to be commended on the good work done throughout St. Clair county, and we hear nothing but words of praise for the better condition of the roads that come within their jurisdiction.

Commissioner Stevens was here last Saturday in conference with Brockway township officials regarding the building of the mile road west from Yale this summer. Mr. Stevens informs the Expositor that the work east of the city will soon be started. He has now under his supervision the cutting down of the hill at Thornton, and twelve teams are at work moving the dirt. Between five and six thousand yards will be moved and placed in the gully below, the largest job anywhere in the county. When completed only a slight grade will be noticeable. From Port Huron to this point about thirteen miles of good roads have already been built. The work will be continued on to Yale within the next year or two. This will make a beautiful drive to the county seat with no hills for the autoist to climb.

## Y. H. S. BREAKS EVEN

In Two Ball Games Played During the Past Week.

In our estimation the game at Brown City last Friday between the High School teams of Yale and that hustling little town was a "top-notcher." We won, b'gosh, and we're glad we did. It makes us happy to think our boys can go right into the enemy's camp and win, even after such a disastrous drubbing as they received at the hands

Beadle Had 'Em Guessing

of the detachment from another little burg up in Sanilac county only a week or two previous. This change in the playing tactics of our team shows that without question our new principal is "long" on coaching, and knows how to inject "pep" into the bunch.

The game was a good one all the way through, and both teams played real base ball. There were many star plays scattered throughout the contest and those who attended liked the show.

"Jim" Nalled 'Em On First

The final count gave the victory to our team in a five to one score.

In view of the fact that Yale won, a perplexing question has arisen which we would like to have some of the high school pupils answer. To the one sending in a satisfactory answer we will give a 5c package of "Wrigley's Spearmint Gum." Here it is:—If Marlette can beat Yale, if Brown City can

Lutz Dug Up a Few "Hot Ones"

trim Marlette and Yale can wallop the stuff out of Brown City, how long will it take the Germans to capture Verdun? Take your time to solve this question and hand the answers to "Jim" Foggy.

The very next time the Yale boys get as good a start as they had Tues-

## OBITUARY.

He still prepared for death and death or life shall thereby be the sweeter.—Shakespeare.

Died at the hospital in Detroit at 2:30 a. m. on May 14, 1916, Vera, wife of W. N. Harvie, of Detroit. Cause of death was septic peritonitis.

Vera May Gough was born in Yale October 28, 1884, and was the daughter of Mr. and Mrs. George Gough. She would have been twenty-two years of age next October.

She was married to W. N. Harvie on January 12, 1915, and the home was made in Detroit, where a son was born to them on May 2nd. The child is living and will be cared for by relatives.

The funeral services were held on Tuesday at the M. P. church in Yale, Rev. W. C. Harger, of Detroit, officiating, and the body laid in Elmwood cemetery.

The sympathy of the community is with the bereaved family.

I desire to thank the many friends who rendered assistance during the illness of my beloved wife, and for the sympathy shown after her death, also the choir for their services at the funeral and for the beautiful floral offerings.

Sincerely,  
W. N. Harvie

Thomas H. Hebrner died at his home at Portland, Ore., April 27th, 1916.

Deceased was born at Jeddo, Mich., in September, 1852, and resided in Yale and adjacent territory until 1900, when he moved to Millersburg, Mich., where he resided for several years, then moving to Alpena, and from there to Portland, Ore., in July, 1910.

He is survived by a widow, Mrs. Catherine Hebrner, two daughters, Mrs. Nellie E. McLeod, Mrs. Rose M. Bennett and one son, Edwin J. Hebrner, all of whom reside at Portland.

He was injured in a mill about three years ago, from which injury he never recovered.

Mrs. W. I. Tillotson died at the home of her daughter, Mrs. Gilliam at Niles on Saturday, May 13, 1916, after only a short illness. Dr. and Mrs. V. A. Lacy attended the funeral.

## Criminal Carelessness.

In noting the three cases of scarlet fever in our little city, which were undoubtedly contracted, unknowingly, in Port Huron, we venture to say that Port Huron has even more to answer for than the careless exposure of its own inhabitants.

In reading the extract of a sermon preached by Rev. John Munday, pastor of the Grace Episcopal church, in the editorial column of Tuesday's Times-Herald, we find a strong statement made in regard to the criminal indifference of Port Huron parents and guardians to this disease and the supreme carelessness with which these people, with convalescing children or those with mild cases, are allowing them to mingle with others or attend school.

The endeavors of the city health authorities are frustrated right and left by these same foolish and selfish parents. The period of convalescence in scarlet fever is the most dangerous and from the slightest of cases, another may take the most virulent form.

So far as we have heard, the three cases here are all light, and are in families who are certain to take strictest precaution in every possible way, and yet there is no telling how many more have been exposed in the same way as these, by the neglect and carelessness and indifference of others.

## Farm Residence Burned

The farm residence, one mile east of Yale owned by F. O. Putney, and occupied by Ray Seaton and family was burned to the ground on Wednesday.

The fire is supposed to have caught from a defective chimney, and before assistance could reach the scene the entire building was in flames. Only a part of the household goods were saved. Mr. Seaton was away at the time. The loss on the dwelling amounted to \$1200 with \$500 insurance.

Mr. Putney has workmen engaged putting up a temporary building to house the family of Mr. Seaton who is employed working the farm.

## Here's Why G. & B. PEARL Wire Cloth Stops Screen Expense

**Painting—repairing—re-**  
placing screen—those are the expenses which make inefficient wire cloth a source of annoyance and money loss. When you screen with genuine G. & B. PEARL you do away with painting, repairing, replacements—simply because PEARL is rust-proof as metal can be made, consequently makes a screen that's practically wear-proof.

G. & B. PEARL represents true screen economy. It outwears all imitations so far that no other similar appearing wire can be placed in the same class. From points of appearance—sanitation—durability and economy G. & B. PEARL is the one choice of the man who wants permanent protection.

**PEARL WIRE CLOTH**

For Permanently Screening Doors, Windows and Porches. Made in Two Weights—Regular and Extra Heavy.

The longer G. & B. PEARL is up—the nearer the color of the atmosphere it becomes. It is easy on the eyes—easy on the pocketbook and the one screen whose smooth meshes prevent the lodging of dust and dirt and grime.

We sell genuine PEARL Wire Cloth with two Copper Wires in the Selvage and the Round Tag bearing the Gilbert & Bennett name on each roll.
